Human Resource Department

Dear Hiring Manager,

Please consider this letter as an expression of interest for the opening position that you have posted on your website. My name is Thanh Pham. I graduated with a Master's degree in Computer Science from Colorado Technical University. I have three years of practical experience in website development. With my education and collective work experiences, I look forward to the possibility of working on your team.

As mentioned above, I had spent three years as a web developer with Netbase JSC, in PHP developer, and technical team leader roles. They are one of the top outsourcing companies in Vietnam who focus on a total e-commerce solutions and consulting for all e-commerce businesses to sell products and services on the internet. During my time with the company, I was trained and obtained a lot experiences from their tasks and projects. The products that I have developed for the company are still available on their market place. Please refer the following link for my experiences at Netbase JSC:
- www.cmsmart.net/magento-extensions

Besides working with professional companies, I also work as a freelancer. I build websites that provide information about local business's products and services in Colorado. Although these are small and simple projects, it gives me the opportunity to practice many different aspects and new technologies of web development such as UI design, Bootstrap 4, React framework, and so on. Please refer some of my recently projects as a freelancer:
- www.thanhhpham.com
- www.upscalenaildenver.com

Typical skills I have gained throughout my experiences include:
- HTML5, CSS3, JavaScript
- Bootstrap 4, Flex-box, CSS-Grid
- JQuery, Ajax, JSON
- React framework
- PHP, Node JS, Python
- SQL, NoSQL (MySQL, MongoDB)
- Version Control (Git, Github)
- E-commerce website (Magento)
- Agile/Scrum model

Please review the enclosed resume for additional information about my education and work experiences. You can also visit my portfolio at my own website to see examples of my work (www.phamhongthanh.com).

I look forward to talking with you about how my skills and experiences can benefit your opening position in more detail. Moreover, I can be reached anytime via my cell phone at (720) 397-2824 or via email at thanhpham091790@gmail.com.

Thank you for your time and consideration.

Sincerely,
Thanh Pham
